

Adding designs

1. Select the images to use for the furniture page and carousel
2. Resize the images to the scale of 4/3
3. Drop the images into a new folder in the **designs** image folder
4. Rename the images to consecutive numbers
5. Source the necessary information
6. Create a copy of **generic.html** and change the title
7. Swap out the images in the carousel
8. Change the **Lorem Ipsum** to the sourced information
9. Decide on a price / no price
10. Change the similar designs section
11. Copy in a new **furniture-content** division in **furniture.html**
12. Change the links, image and title in this division
13. Upload to Github through the repository **intheshed** in Github Desktop
